

**Leading: Rainbow Child Care Center of Independence**

**Director: Kaci Eubank**

**Educational Background:**

I attended Gateway Community College and Children's Inc. from 2011-2014, and received my Child Development Associate (CDA) and Associate degree in Early Childhood Education. I am currently finishing up my Bachelor degree in Human Services and Business at the University of the Cumberlands. In addition, each year I stay up to date with educational trainings in the field.

**Experience in the Field:**

I started working in childcare in 2010 at an in-home child care facility. In 2012, I took a job opportunity with Little Red School House, now Rainbow Child Care Center. I initially started as a floater, and then took over the Varsity program for 2 ½ years. After that, I taught in the Toddler 3 classroom. I then moved up to teaching Pre- K Academy, and took the opportunity to become the Education Specialist at the same time.

**Family:**

I have been married since 2014, and have been with my husband since 2010. We have one daughter, named Nora Jean. My husband and I both come from very big families, and enjoy spending time with them.

**Special Interests & Hobbies:**

I enjoy spending time at our farm, camping, and being outdoors! I also love to vacation at beach, usually in Myrtle Beach, South Carolina.

**Why I Chose this Field:**

I chose this field because I love to be a part of the milestones and to advocate for children's learning and development. Birth to five years old is a critical time in a child's life, as they begin to learn and grow. Working in this field has brought me many experiences that I am grateful for, and I will continue to use that knowledge to help educate the children around me.
