

Leading: Rainbow Child Care Center of Walton

Director: Nicole Gatewood Fields

Educational Background:

I have my Bachelor's degree in Early Elementary Education, with a concentration in Learning and Behavior Disorders, from the University of Louisville.

Experience in the Field:

I have worked in childcare since the summer of 2010. I've taught in many age groups, and have been an Assistant Director for almost two years before taking on the Director role.

Family:

I married the love of my life and his two wonderful children in October 2016! We have one dog named Tag, and two cats named Bunny and Molly.

Special Interests & Hobbies:

I enjoy playing volleyball, softball, and being part of our Church Mission Team. I love to read, paint, SCUBA dive, and go swimming.

Why I Chose this Field:

It's hard to remember why I chose the field but I know why I choose to continue it...the children! They light up each day with their excitement to learn new things, and share what they know. I love to watch as they grow more and more each day, knowing I have a hand in helping that along.
